- The Articles of Association, provided below, are established by means of this deed.

CONSIDERING

The Association to be established by this deed shall carry on the legacy of the research network with the name: European Network for Housing Research, which was founded in the year nineteen hundred and eighty-eight in response to the need for more structured cooperation between interdisciplinary academics carrying out housing research in different countries, particularly in the European context.

ARTICLES OF ASSOCIATION

Article 1 – Name and registered office

1. The Association bears the name: European Network for Housing Research (acronym: ENHR).
2. The Association is located in the Municipality of Delft (The Netherlands).
3. The Association is a legal entity under Dutch law, to which the provisions of these Articles of Association, as well as the provisions of Part 2, Book 2 of the Dutch Civil Code, apply.

Article 2 – Purpose

1. The purpose of the Association is to organise all those who are involved in housing research in Europe, regardless of the institution at which they are employed, their specialist discipline or approach, to improve the academic quality and practical relevance of this kind of housing research in Europe, and to facilitate contacts, both within this academic community and between researchers and people in the professional field.
2. The Association is dedicated to the promotion and protection of freedom of thought, speech and research and embraces the United Nations' Universal Declaration of Human Rights.

Article 3 – Membership

1. The following persons may be admitted as members of the Association:
 - individual researchers from Europe (hereinafter referred to as: "Individual Member" and "Individual Members"); and
 - academic research institutions located in Europe (hereinafter referred to as: "Institutional Member" and "Institutional Members");
 who endorse the purpose and the Articles of Association of the Association and who are willing to actually participate in the Association's activities.
 Where in these Articles of Association the terms "members", "member" or "membership" are used, the respective provisions shall apply to both Individual Members and Institutional Members. Membership is personal and may not be transferred.
2. Members are those who have submitted their membership registration to the Board (Coordination Committee) and have been admitted by the Board as members of the association. If a membership application is rejected by the Board, there is no possibility of appeal to the General Assembly.
3. When admitting Institutional Members, the Board shall decide the category – as referred to in Article 16.3 – to which they are to be assigned. Once a year, Institutional Members may submit a request to the Board for a review of the category to which they have been assigned.
4. The members pay an annual membership fee and possibly an additional contribution, the amount of which is determined by the General Assembly. The members may be divided into categories, with a different contribution payable in each category.
5. The secretary keeps a register of the names and addresses of all members. If a member has agreed to be notified of the convening of a General Assembly by means of electronic communication, the address disclosed by the member for this purpose shall be recorded in the members' register.

Article 4 – Associate members

1. The General Assembly has the right to decide on the admission of Associate Members in order to allow persons and legal entities (non-academic institutions, agencies, companies, housing organisations and individual researchers from outside Europe) who are not eligible for regular membership, to participate in the activities of the Association. Associate members do not qualify as members within the meaning of Part 2, Book 2 of the Dutch Civil Code and do not have the rights as mentioned in article 2:38 of the Dutch Civil Code.
 Associate members are bound by the Articles of Association and by the decisions of the Board and the General Assembly. They may attend the General Assembly, but they do not have the right to vote there and they cannot be appointed as members of the Board.
2. The provisions of these Articles of Association relating to the admission and expulsion of members and the cancellation of membership, and the consequences thereof, shall, as far as possible, also apply to associate members.
3. The financial contribution owed by associate members per Association year is determined by the General Assembly.
4. The secretary keeps a register of the names and addresses of all associate members. If an associate member has agreed to be notified of the convening of a General Assembly by means of electronic communication, the address disclosed by the member for this purpose shall be recorded in the members' register.

Article 5 – Termination of membership

1. Membership will end:
 - a. on the death of the member
 - b. if the member formally cancels the membership
 - c. if the Association formally cancels the membership
 - d. through disqualification from membership.
2. Cancellation of membership by the member can only take place at the end of a financial year, provided this takes place in writing, and is subject to a notice period of at least one month. Membership may be cancelled with immediate effect if the member cannot reasonably be expected to allow the membership to continue. The member is still obliged to pay the membership fee for the current year.
3. Cancellation of membership by the Association is effected by the Board, by means of a written notification to the member, stating the reason(s) for the cancellation. Membership may be cancelled:
 - if a member no longer satisfies the statutory requirements for membership; or
 - if a member – despite written reminders – fails to fulfil their obligations towards the Association; or
 - if the Association cannot reasonably be expected to allow the membership to continue.

The decision to cancel the membership shall also state the date on which membership shall cease.
4. Disqualification from membership is effected by the Board, by means of a written notification to the member, stating the reason(s) for disqualification. Disqualification is only possible if a member acts or has acted contrary to the Articles of Association, regulations or decisions of the Association, or unreasonably prejudices or has unreasonably prejudiced the Association. Disqualification takes place with immediate effect. The disqualified member is still obliged to pay the membership fee for the current year.

Article 6 – Governing Board and Executive Board

1. The Association is managed by a Governing Board and an Executive Board. The Governing Board and the Executive Board together form a body of the Association.
2. Where the term "Board" is used in these Articles of Association, the relevant provisions apply to both the Governing Board and the Executive Board. The Governing Board is authorised to take decisions on agreements for the acquisition, disposal and encumbrance of registered property, and to enter into agreements under which the Association acts as guarantor or as joint and several debtor, warrants performance by a third party or provides surety for a debt of third

2. Within six months of the end of the financial year, unless this is extended by the General Assembly, the Governing Board shall present at a General Assembly a management report on the state of affairs of the Association and on the policy pursued. It shall also present the profit and loss account, including an explanation, for approval by the General Assembly. These documents shall be signed by all Board members. If the signature of one or more Board members is missing, this shall be noted along with the reason.
If the Association maintains one or more businesses which are required by law to be registered in the Commercial Register, the profit and loss account must indicate the net turnover of these businesses.

3. The Governing Board shall submit the annual accounts to the General Assembly for approval.
Once the annual accounts have been approved by the General Assembly, a proposal will be made to grant discharge to the Governing Board in respect of the accounts and accountability it had drawn up for this purpose.

1. The General Assembly is convened by the Executive Board.
A number of members, who together are authorised to cast at least one-tenth of the votes, may submit a written request to the Board to convene a General Assembly within four weeks of the request being submitted. If, within fourteen days of receiving of that request, the Board has not convened a meeting, the persons requesting the meeting may convene the General Assembly themselves.
The requirement that the request referred to in the previous paragraph must be made in writing is also fulfilled if the request is submitted electronically.
2. The notice convening the General Assembly takes place by means of:
 - a publication in the Association organ; or

These powers of attorney must be given in writing and submitted to the Board before the vote. The requirement of a written power of attorney is met if the power of attorney has been given electronically.

Article 17 – The General Assembly: Decision-making

1. Unless otherwise provided in these Articles of Association, a decision shall be taken by an absolute majority of the votes cast by the members present and represented at the meeting, irrespective of their number.
2. A unanimous decision by all members, even if they are not present at a meeting, has the same force as a decision by the General Assembly, provided it is made with the prior knowledge of the Board.
3. As long as all members are present or represented at a meeting, valid decisions may be taken, provided this is done unanimously, on all subjects to be discussed, even if the subject was not announced or was not announced in the prescribed manner in the notice convening the meeting, or if the notice convening the meeting did not take place in a legally valid manner.

Article 18 – Amendment to the Articles of Association

1. The Articles of Association can be amended by a decision of the General Assembly. If a proposal to amend the Articles of Association is to be submitted to the General Assembly, this must always be stated in the notice convening the General Assembly.

A certified copy of the amendment deed and the full amended text of the Articles of Association must be filed in the Commercial Register.

Article 19 – Merger, division, conversion

The provisions of the previous article shall, as far as possible, apply mutatis mutandis to a decision by the General Assembly to effect a merger or split within the meaning of Part 7, Book 2 of the Dutch Civil Code and to a decision by the General Assembly to convert

the Association into another legal form in accordance with Article 2:18 of the Dutch Civil Code, notwithstanding the requirements of the law.

Article 20 – Dissolution

1. The Association may be dissolved by a decision of the General Assembly, taken by a majority of at least three-quarters of the votes cast. The provisions of these Articles of Association concerning a decision to amend the Articles of Association shall also apply mutatis mutandis to a decision to dissolve the Association.

In the event of a decision to dissolve the Association, the destination of liquidation surplus must be specified.

If at the time of its dissolution the Association no longer has any assets, it shall cease to exist. In that case, the Board shall report this to the office of the Commercial Register.

The books and documents of the dissolved Association shall be kept by the person designated for that task by the Board in its decision to dissolve the Association for a period of seven years after the Association has ceased to exist. Within eight days after their duties as custodian commence, this person is required to file their name and address with the office of the Commercial Register.

2. The Association is also dissolved:
 - by insolvency, if the Association is declared bankrupt or if the bankruptcy is ended because of the condition of the assets and liabilities;
 - by a court ruling to that effect in situations specified by law.

Article 21 – Liquidation

1. The Executive Board is responsible for the liquidation of the Association's assets, insofar as no other liquidator(s) has/have been appointed in the decision to dissolve the Association.
2. Following the decision to dissolve the Association, it is put into liquidation. The Association will continue to exist after its dissolution, inasmuch as this is necessary for the liquidation of its assets. The provisions of the Articles of Association will remain in force to the extent possible and necessary during the liquidation. In documents and announcements issued by the Association, its name must be followed by 'in liquidation'.
3. The surplus remaining after financial settlement shall be allocated to a destination which, as far as possible, is in accordance with the purpose of the Association. This destination shall be determined in the decision to dissolve or, failing that, by the liquidator(s). Liquidation ends when all known income has been collected by the liquidators. In the event of liquidation, the Association shall cease to exist on the date on which liquidation ends. The liquidators shall report this to the office of the Commercial Register.

Article 22 – Regulations

1. The General Assembly may adopt regulations.
2. Regulations may include specific provisions concerning membership and associate membership, the introduction of new members, membership fees and contributions, the activities of the Board, working groups or committees, and meetings.
